Dear Ms. Miller:

HuckPAC (FEC ID# C00448373) is in receipt of your Request for Additional Information dated May 21, 2010, referencing our April Quarterly Report (1/1/2010 - 3/31/2010).

Item 1:

HuckPAC contracted with Preferred Communications, a list vendor, to sell HuckPAC's donor and mailing lists at the usual and normal charge for such lists. The usual and normal charge was determined after consulting with professionals in the business of marketing and licensing donor and mailing lists for committees and nonprofit organizations. These individuals advised that the charge used by HuckPAC was at or below the usual and normal charge for similar lists. No contribution to HuckPAC resulted from the sale of the list.

Item 2:

We have identified 44 donors to HuckPAC reported on the First Quarter report for which the donor information was incomplete. We have been able to obtain full information for 39 of those donors and have provided that information on an amended Schedule A which was filed with the FEC on June 25, 2010. For the remaining donors, we believe that HuckPAC has used its best efforts to obtain the information.

The Committee's solicitations contain a clear and conspicuous request for employer/ occupation information, including solicitations via the website, direct mail, and fundraising events. Donors who did not include the requested information are sent a follow-up letter requesting the information.

Finally, the Committee has attempted to contact the 5 remaining donors by phone and/or email on various dates.

Should the Committee receive additional employer/occupation information still missing from the amended First Quarter report, it will be included on a future amended report submitted to the Commission.

We trust that the steps we have taken to ensure that all information required by Commission regulations is reported will satisfy the Commission.

Sincerely,

Bryan S. Jeffrey, Treasurer
Huck PAC
